

Interscholastic Activities

The program of interscholastic activities shall include all activities relating to competitive sport or intellectual contests, games or events, or exhibitions involving individual students or teams of students of this District when such events occur between schools outside this District.

Although the District recognizes that there is some value in offering programs of interscholastic activities, interscholastic activities shall not be considered to be a property, liberty or contract right of any student; any and all interscholastic activities offered by the District shall not be deemed a “right” but rather is considered to be a “privilege.”

All facilities and equipment utilized in the interscholastic activity program, whether or not the property of the District, shall be inspected on a regular basis. Participants will be issued equipment that has been properly maintained and fitted.

An activity coach must be properly trained and qualified for an assignment as described in the coach's job description.

The Board recognizes that certain risks are associated with participation in interscholastic activities. While the District will strive to prevent injuries and accidents to students, each parent or guardian will be required to sign an “assumption of risk” statement that indicates that the parents assume all risks for injuries resulting from such participation.

Coaches and/or trainers may not issue medicine of any type to students. This provision does not preclude the coach and/or trainer from using approved first aid items.
