

Attendance and Absence Policies

Attendance Policy

The entire process of education requires a regular continuity of instruction, classroom participation, learning experiences, and study in order to reach the goal of maximum educational benefits for each individual child. The regular contact of the students with one another in the classroom and their participation in instructional activities under the tutelage of a competent teacher are vital to this purpose. This is an established principle of education that underlies and gives purpose to the requirement of compulsory schooling in this and every other state in the nation. The good things that schools have to offer can only be presented to students who are in attendance. With continued emphasis regarding Excellence in Education, all parties involved in attendance can better strive for quality in the classroom. Attendance reflects a student's dependability and is a significant factor on the student's permanent record. Future employers are as much concerned about punctuality and dependability as they are about academic record. School success, scholarship, and job opportunity are greatly affected by a good attendance record.

90% Attendance Record Policy

It is the intent of the Board of Trustees to have students attend school on a regular basis. Regular and consistent attendance results in increased learning. It is also the intent of the Board of Trustees to have the regular classroom teacher present whenever possible. A student's presence in the classroom with the regular teacher contributes to time on task, and time on task attributes directly to learning. All students must be in attendance in each classroom 90% of the time when that class is in session.

Tardy Policy

Students should avoid tardiness whenever possible. School attendance and punctuality is a vital part of one's education and preparation for business, personal and social life. See Policy 3050P Attendance and Absence Procedures.

Truancy Policy

Attendance at school is more than a legal obligation; it is a privilege. Every child of compulsory school age must be in attendance unless otherwise exempted as provided in Idaho Code §§ 33-204, 205 or as determined by school authorities.

The absence of a student from class or any portion of a class for any reason other than illness, emergency, or activities which have prior approval of the administration is to be considered an unexcused absence and therefore, an act of truancy.
